THE VINEYARD - AN ESTATE VINEYARD - MORE THAN FINE WINE

At first glance, an Estate vineyard may evoke images of a winery, Barrel Cellar, and the fine wine. Of course, there is an agricultural operation, manual labor, farm equipment, machinery, passion for the land and the vines and wildlife management of the foxes, bobcats, coyotes, eagles, and deer who live on the Estate.

So, why do it? Because there are some things, as humans, that we need to nourish our body, mind, and soul - that offices, corporate negotiations, zoom meetings, endless business travel and computers do not satisfy. The energy required to run our new-world careers can be fueled by the balance that comes from; caring for a vineyard in the heat of the day, punching down tanks at night, racking barrels, and having prayers for rain answered.

Those of you who have been part of the Solaro Vineyard Crew at, planting, harvesting, and crushing know that - **An Estate vineyard is so much more than wine!**

LIVE MUSIC AT THE WINERY

3rd Saturday of every month! ***2 - 4pm***

September 17th - Don Berryhill
After years of running in the music circles, Erik landed in Los Angeles by way of Austin,TX and found roots for Indie Americana ideas in the artistic community of Echo Park, where his self titled debut was recorded. Stirring with movement and rough around the edges, Echo Park played a big part in shaping the band's ideas and sound. Since the release of the debut the band has traveled, enjoyed US and EURO Americana charting airplay, written and recorded their next release and are now calling Austin, TX his home base.

October 15th - Bob Slaughter
